

The Global e-Invoicing Network

OB10 to Exhibit at Booth 1339 During ANI: The Healthcare Finance Conference, June 14 – 17

Atlanta, June 10, 2009 – OB10, the leading global e-Invoicing network, will exhibit at booth 1339 during ANI: The Healthcare Finance Conference in Seattle, Washington being held from June 14 – 17. As an exhibitor, OB10 will share with attendees how it enables companies to reduce costs and better manage cashflow by eliminating the paper-based exchange of invoices and other commercial documents through an open, non-intrusive and highly scalable platform.

“Exhibiting at this event provides us the opportunity to share with attendees the value we bring to the healthcare and hospital market,” said Thayer Stewart, Vice President, Marketing and Business Development – OB10. “By helping organizations streamline the delivery and receipt of invoices, we enable them to reduce costs, better manage cashflow and gain greater visibility into their AP processes.”

The value OB10 brings to the healthcare and hospital market can be seen in the relationship established with Memorial Hermann Healthcare System, the largest hospital system in Texas, serving the greater Houston community through 11 hospitals as well as many specialty programs and services. To illustrate its collaboration with OB10, Memorial Hermann will co-host a complimentary audio conference titled *Learn How AP and Supply Chain at Memorial Hermann Healthcare System Collaborated on an e-Invoicing Project to Optimize AP and Increase PCard Spend* on Wednesday, June 17 at 2:00 pm EST. About OB10

OB10 (www.OB10.com) is the leading global B2B e-Invoicing network. OB10 simplifies and streamlines the complex invoice-to-pay processes. Neither client organizations nor their suppliers are required to implement any hardware or software, and OB10 is independent of data file formats. OB10 can reduce the cost of paper invoice processing by typically 60 percent and can deliver an ROI in less than a year if the program follows OB10's best practice guidelines. Operational across Europe, North America and Asia, OB10 is compliant with the requirements of VAT, tax and e-Invoicing legislation and receives invoices from suppliers in over 100 countries. To ensure unrivalled and rapid
