

The Global e-Invoicing Network

London, 13th October 2009

***The Sunday Times* Microsoft Tech Track 100 acknowledges OB10
as one of the UK's fastest-growing technology company for third year running**

OB10, the leading global e-Invoicing network today announces their ranking in *The Sunday Times* Microsoft Tech Track 100, the renowned league table of Britain's 100 fastest-growing private technology companies. This is the third consecutive year in which OB10 has ranked in the league table., evidencing consistent rapid growth, the quality and durability of its blue chip customer base, and its resilient underlying economic model

OB10 enables companies to exchange electronic invoices and other related documents, regardless of country or data format. By providing a tax compliant, global solution, OB10 eliminates the need to process, manually key-in, or store paper invoices. The exchange of electronic invoice data by OB10 is independent of data format and will work with all accounting systems.

The ranking follows a very successful year for OB10. The company has achieved record sales across Europe, US and Asia Pacific for the first fiscal quarter of 2009, a growth of 40% over the same period last year. As a result, it has been able to break even for the first time since it's inception.

Jamie Gunn, CEO of OB10 says: "We are delighted to be included in such a highly regarded list as *The Sunday Times* Microsoft Tech Track 100 for the third year running. Demand for e-Invoicing is continuing to grow in all our core markets, despite the challenging economic backdrop, and we anticipate continued future expansion with new partnerships and new enhanced services."

About OB10

OB10 (www.OB10.com) is the leading global B2B e-Invoicing network. OB10 simplifies and streamlines the complex invoice-to-pay processes. Neither client organisations nor their suppliers are required to implement any hardware or software, and OB10 is independent of data file formats. OB10 can reduce the cost of paper invoice processing by typically 60 percent and can deliver an ROI in less than a year if the programme follows OB10's best practice guidelines. Operational across Europe, North America and Asia, OB10 is compliant with the requirements of VAT, tax and e-Invoicing legislation and receives invoices from suppliers in over 100 countries. To ensure unrivalled and rapid supplier enrolment, each new customer's suppliers are supported by an implementation services team responsible for getting them up and running on the OB10 network.

Customers include: Agilent Technologies, Aviva, Barclays, BP, Cargill, DHL, DSG International, Eli Lilly & Company, East Riding of Yorkshire, Fisher Scientific, General Motors, GlaxoSmithKline, Hewlett Packard, IBM, Imperial College, Kellogg's, Logica, Deutsche Lufthansa AG, Mohawk Industries, SaraLee, Shaw Industries, Steria and VWR International.
